# Spiderwebbing

---

❖ “Making a web requires a deep commitment to innovation and flexibility.”

- ❖ “Making a web requires a deep commitment to innovation and flexibility.”
- ❖ The web “can never be thought of as permanent, fixed, or rigid.”

- ❖ “Making a web requires a deep commitment to innovation and flexibility.”
- ❖ The web “can never be thought of as permanent, fixed, or rigid.”
- ❖ The spider’s genius lies in its ability to adapt, reshape, and remake its web of connections within the realities presented in a given space.”

(Lederach, *The Moral Imagination*, 83)
